Open Up and Let the Air In!

U S Block Windows Offers Largest Selection of Operable Specialty Windows

PENSACOLA, FLA. – Temperatures are climbing and it's time to air out the house. For homeowners with acrylic block and decorative glass windows from U S Block Windows® Inc., it's fast and easy to gain fresh air in the home.

“Homeowners no longer need to choose between privacy windows and gaining ventilation in the home --- now they can have both,” says Roger Murphy, president of U S Block Windows Inc. “We have the largest selection of operable single hung, slider, awning, hopper and casement windows available in acrylic block and decorative glass in the industry. This makes it exceptionally easy for people to add in ventilating and egress windows when either building a new home or remodeling a cherished older home.”

U S Block Windows is the only source for durable, lightweight acrylic block windows in single hung or slider form. The innovative windows come in several sizes. Operable decorative radius topped windows are also available. (see <http://www.usblockwindows.com/USBBlock07acrylicsinglehangs.cfm>) The company offers unique double casement, radius top casement, hexagon awning and eyebrow casement windows (see <http://www.usblockwindows.com/USBBlock07acryliccasement.cfm>) in a variety of block patterns and colors with low-maintenance vinyl frames.

With the addition recently to the U S Block Windows product line of the Hy-Lite operable Decorative Glass Windows, homeowners may also select from stunning operable casement or awning windows in American, Craftsman, Euro, Euro Blue, Brilliance Wrought Iron and Spring Flower styles. (see http://www.hy-lite.com/homeowners/products/decorative_glass_windows/operable.asp.)

“The privacy features of both decorative glass and acrylic block window units can't be matched for adding style and elegance to a home,” says Murphy. “The combined aspect of easy-open

windows and ENERGY STAR® qualified energy efficiency options on many of these windows make them a wonderful choice for bathrooms, kitchens, hallways and bedrooms. Home offices, garages and basement areas also benefit from the addition of operable privacy windows.”

U S Block Windows purchased the assets of Hy-Lite Products in March of 2009 and now offers the widest selection of unique specialty windows in the industry.

Headquartered in Pensacola, Fla., U S Block Windows offers the widest selection of prefabricated privacy products in the industry. Product lines are offered under both the U S Block Windows and Hy-Lite Products brand names and include a variety of operable and fixed acrylic block and decorative glass windows. Additional product offerings include glass block windows along with an assortment of acrylic block shutters, accent panels, radius walls, partition walls, door inserts and shower kits.
